

What is the French Southern Territories?

The territory is sometimes referred to as the French Southern Lands (French: Terres australes fran&#231;aises) or the French Southern Territories, usually to emphasize non-recognition of French sovereignty over Ad&#233;lie Land as part of the Antarctic Treaty System. The entire territory has no known permanently settled inhabitants.

Are there trees in the French Southern Lands?

Because of their isolation and subpolar location, the French Southern Lands are relatively depauperate of vegetation, with both Saint-Paul and Crozet having no native tree or shrub species. However, eight of the 36 higher plant species are endemic.
