Empieza rápidamente a distribuir productos solares BIPV, como tejas solares, paneles solares flexibles, vidrio fotovoltaico, pared solar, piso solar, y mucho más. Nosotros te ayudamos a ...

The selected photovoltaic glass for the Femsa Headquarters was meticulously chosen to align with the project's design goals and client specifications. With a visible light transmission (VLT) of 20% and a solar factor of 34%, the glass provides an effective balance between natural light, shading, and solar heat control. This ensures that the building benefits from a comfortable ...
