Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Which company is Belize's premier energy company?

Belize Natural Energy (BNE) is Belize's premier energy company. As the leader in the responsible exploration, production, and marketing of oil and gas in Belize, BNE's operations span the full range of oil and gas activities: from drilling and geology to gas processing and branding.

Who is pro solar engineering?

Pro Solar Engineering is the only company in Belize to offer all 3 major renewable energy sources-solar, wind and hydro power, including hybrid systems. Packages are designed to offer you a cost-effective and efficient solution for your off-grid and grid-tie living needs.

What does the Belize Chamber do?

Founded in 1920, the Chamber has been consistently championing the causes of its private sector constituency and considers among its primary objectives the social and economic development of Belize through the development of all sectors of industry, commerce and services.

Does SESB offer solar air conditioners?

With an SESB grid-tie solar system all your household appliances, including your air conditioner, are powered by solar during the day. SESB does not provide solar powered air conditioners. Will it make sense to disconnect from BEL grid and go completely solar off-grid?
