

At Brite Solar, we're committed to transforming #agriculture through innovation, offering tailor-made solutions that not only protect the environment but also enhance productivity. ?? Join us in ...

Brite Solar si impegna nella diffusione della nanotecnologia avanzata per raggiungere questi obiettivi. Il nostro obiettivo è facilitare l'uso multifunzionale dei terreni agricoli per aumentare la generazione di energia solare, nonché creare nuovi tipi di vetro architettonico in grado di ridurre l'impronta energetica degli edifici.

Brite Solar is opgericht in 2009 met het doel een nieuw type PV-paneel te ontwikkelen dat is aangepast aan de eisen van de glastuinbouw. Met een sterke achtergrond in nanomaterialen en depositietechnieken voor glassubstraten, werken we aan aanvullende PV-oplossingen voor open veldgewassen, evenals aan energiebesparende oplossingen voor de gebouwde omgeving. ...

Brite Solar è stata fondata nel 2009 con l'obiettivo di sviluppare un nuovo tipo di pannello fotovoltaico adattato alle esigenze dell'orticoltura in serra. Con una solida esperienza in nanomateriali e tecniche di deposizione per substrati di vetro, abbiamo lavorato a ulteriori ...

? Brite Solar among the top 120 deep-tech companies selected by the @eicscalingup ! ? We are thrilled to announce that Brite Solar has been recognized as one of the 120 most innovative deep-tech companies selected by the EIC Scaling Club! ? This prestigious recognition highlights our cutting-edge work in agrivoltaics and sustainable solar energy solutions.

Brite Solar is a nanomaterials company developing and marketing solar glass products with variable transparencies for applications in agriculture. Brite's solar glass applies to greenhouses and open field agri-cultivations and yields ...

Brite understands that this requires more than just quality products and great pricing. Our partners deserve the most professional, personal, informative and timely service available. That quality experience applied to every aspect of the process, so we are committed to upholding the highest quality standards in the industry. That's what we offer you...the BEST. ...

On July 28 in the Athens office of ByaWa r.e., Dr. Benedikt Ortmann, Global Director of Solar Projects at BayWa r.e. and Dr. Nick Kanopoulos, CEO of Brite, signed a supply agreement for ...

Solar Panel Cleaning Formula Solar Brite is an easy-to-use, technically advanced Solar Panel Cleaner formula. Industry reports say that the lack of scheduled cleanings can cause solar panels to lose 15-25% of their efficiency and increase a solar cell's payback time by 3-5 years. Self cleaning systems are one option

Brite Solar is toegewijd aan de inzet van geavanceerde nanotechnologie ten dienste van deze doelen. We streven ernaar om de multifunctionele gebruiksmogelijkheden van landbouwgrond te bevorderen voor extra opwekking van zonne-energie, en om nieuwe soorten architecturaal glas te ontwikkelen die de energievoetafdruk van gebouwen kunnen verminderen.
