

Can the bay window be demolished to make a storage cabinet

Can you put cabinets on a windowed wall?

Most homeowners will avoid putting cabinets along any wall that has windows. But these beautiful bay window ideas show that you can add storage to a windowed wall, and make it look gorgeous! A bay window is a type of window that "juts out", allowing the homeowner to have a good view of the outside.

How do I add storage to a kitchen bay window?

To add storage to a kitchen bay window without sacrificing natural light, consider installing glass-front cabinets or open shelving. These options allow light to pass through while providing storage for glassware, dishes, or decorative items.

Can a bay window be used as a storage space?

So not only will your bay window seating be cosy and comfortable, but it can also double as a functional storage space for all your essentials. So trust Inspired Elements to bring your vision to life and create the perfect bay window for your home.

Can you build a bay window seat with storage?

This guide is perfect for you if you have a period property and would like to build a bay window seat with storage, but you don't want to damage your original features. This seat has been constructed around the existing skirting boards without the need to cut into or remove them. There is no drilling into the floorboards either.

How do I save space in a kitchen bay window?

For a space-saving storage solution in a kitchen bay window, consider installing a slim, vertical shelving unit or a tiered hanging basket system. These options provide ample storage for items like herbs, small kitchen appliances, or decorative items without taking up valuable floor space.
