Who is Apex Solar?

APEX SOLAR is a company with a clear commitment to customer service born in 2019, inspired to transform Botswana. Aiming to exceed our client's objectives we leverage quality, performance, price competitiveness and history. These constitute our strength and warranty.

Does SolarSaver operate a self-financed solar system in South Africa?

The concept has proven extremely popular and SolarSaver now runs the largest fleet of self-financed C&I solar installations in Southern Africa. The SolarSaver portfolio includes over 700 systems operated by SolarSaver under long-term rent-to-own and PPA contracts across South Africa, Namibia and Botswana. SolarSaver has now also launched in Zambia.

Does SolarSaver work in Zambia?

SolarSaver has now also launched in Zambia. SolarSaver allows business owners to "go green" and lets them start saving on their monthly electricity bills without any capital investment. Instead, SolarSaver pays for the system and clients only pay for the cheaper, greener electricity produced.
