Who is mg energy systems?

MG Energy Systems specializes in high-end lithium-ion battery system solutions. Dutch Design, Easy Installation, Robust & Reliable Batteries. Energy storage systems for hotel load and hybrid and electric propulsion systems. Solutions for small vessels up to high-end installations for super yachts. With the option for redundant systems.

Where can I find mg energy systems?

MG Energy Systems increases its presence at the METSTRADE, the world leading trade exhibition of marine equipment, materials and systems. Visit us this November inside at booth 01.400 and at Entrance K. This year you will find MG Energy Systems at the Cannes Yachting Festival 2024 in Cannes, France.

Why should you visit mg energy systems?

Electronics and software are also engineered in house. This makes MG flexible to anticipate on (local) legislation. MG Energy Systems increases its presence at the METSTRADE, the world leading trade exhibition of marine equipment, materials and systems. Visit us this November inside at booth 01.400 and at Entrance K.

What is mg energy systems training?

In the beginning of July, MG Energy Systems B.V. organized two consecutive practical training days. The training focused on low voltage systems from 12V to 48V. During this training, participants learned the most important aspects of both installation and commissioning of the MG lithium-ion based battery systems.
