

Where can I buy a battery in Tauranga?

Battery Warehouse is your top solution in Tauranga for everything batteries. We stand behind the quality of our products and services and promise to give you the best deal for your needs. At our fully equipped shop we stock automotive batteries, marine batteries and solar panels and can also provide on-site battery charging and testing.

How long does a car battery last in New Zealand?

Depending on the type of battery you buy and its application, you'll get 3 months- 24 months New Zealand - wide warranty. Car batteries can look good on the outside, but what's going on inside can be a different story.

Do you do a battery check on-site in Tauranga?

Sale! Sale! Sale! Sale! We always take extreme caution when performing a battery check on-site in Tauranga. Some batteries have screw-on caps that allow you to check and refill the battery fluid. Be sure to turn off your engine and ensure the battery terminals (the knobs on top of the battery cables) are clean and dry.

How do you tighten a battery connection in Tauranga?

Tighten any loose connections or terminals with an appropriately-sized spanner. Battery Warehouse is your top solution in Tauranga for everything batteries. We stand behind the quality of our products and services and promise to give you the best deal for your needs.

Flat, metal, salmon pink container with hinged lift-up lid and clips on each side plus latch on one end. Inside are screw holes in bottom and clip and rubber tie-down band. There is a handle on the top end and four inlaid rectangular sections on the front lid. There is a white paper label affixed to the side with safety instructions printed.

Renewable energy generator Meridian Energy has selected France-based Saft to construct New Zealand's first large-scale grid-connected battery energy storage system (BESS). The 100-MW system, which will be built at Ruakaka in the country's North Island, will try to enhance the stability of the national grid as intermittent wind and solar power ...
