

Where can Dripteck irrigation supply high quality irrigation pumps & materials?

For the past decade, we have been procuring high quality and durable irrigation pumps and materials from DripTech Irrigation branches across Zimbabwe. Our biggest project so far was installation of Jasper & Ruby sediment filters at Freda Rebecca Gold Mine.

What does Dripteck irrigation do?

DripTech Irrigation provides an end-to-end solution by advising on design and installation of irrigation and pump systems, supplying all the required equipment, and offering spares and technical back-up. We believe in building long-term relationships and creating lifetime partnerships and support for clients.

Does Dripteck irrigation offer a warranty?

We offer a 1-year warranty on all our Tesla products, and a 2-year warranty on all our DAB products. As the Zimbabwean agent, DripTech Irrigation can supply these goods at highly competitive prices that provide very high quality at a fraction of the cost.

How good is Dripteck Glenara?

"Our company has been using DripTech Glenara ever since it opened near the Thorn Tree. The location, access and parking are very good. The staff are knowledgeable and helpful. The stock levels are always good and if the branch does not have them, they jump around and get them quickly.

What types of booster pumps does Dripteck irrigation stock?

DripTech Irrigation stocks a large range of DAB and Morrison electrical booster pumps to suit all applications. We can supply from 0.5hp up to 20hp and bigger sizes are available on special order. DAB is the biggest pump manufacturer in Europe, with thousands of models in many applications.
