

Ecotech energy Dominica

What is ecotechx technology?

EcoTechX technology creates high-quality drinking water out of the air for people using solar energy. Ecotechx products, Optimum Air Con, and Clean Water Generator help people stay cool and provide clean water using renewable energy. We're all about making life easier while taking care of the Earth. Join us in our mission for a greener future!

What is optimum air con by ecotechx?

The Optimum Air Con by ECOTECHX is a sustainable cooling solution with water-based operation, high energy efficiency, and a focus on sustainable development, offering optimal indoor temperatures with significantly lower energy consumption and scalability for various applications.

What makes Ecotech X unique?

We are proud to be acknowledged by Northern Accelerator, a renowned partnership of universities, for our commitment to innovation-led company creation. Ecotech X technologies offer innovative solutions for clean drinking water generation and sustainable cooling, leveraging solar energy and water-based operation.
