OverviewHistory of the electricity sectorElectricity supply and demandAccess to electricityService QualityResponsibilities in the electricity sectorRenewable energy resourcesTariffs and subsidiesPrior to the 1990s reform, the Dominican power sector was in the hands of the state-owned, vertically-integrated Corporaci&#243;n Dominicana de Electricidad (CDE). The operation of the company was characterized by large energy losses, poor bill collection and deficient operation and maintenance. During the 1990s, the rapid growth in the power sector mirrored the high economic growth experienced by the country. Total electricity demand increased at an annual r...

The Cordillera Central is home to the highest peaks in the Caribbean: Pico Duarte (3,098 m or 10,164 ft) (the highest point in the Caribbean), [3] La Pelona (3,094 m or 10,150 ft) and La Rucilla (3,049 m or 10,003 ft). Connected to the smaller Massif du Nord in Haiti, it gradually bends southwards and finishes near the town of San Crist&#243;bal on the Caribbean coastal plains.
