

Enertech com Saint Lucia

Who is Enertech?

Enertech is a leader in turnkey infrastructure solutions, technology deployment, and engineering services for the wireless industry. Our proven track record for safety and quality position us to work with the nation's major wireless carriers, tower owners, and technology providers.

Where is Enertech located?

Enertech headquarters is a 14,000-sq ft facility based in New Braunfels, TX (between San Antonio and Austin). The facility is a state-of-the-art office building and warehouse sitting on over ten fully fenced and secure acres. Enertech also has multiple warehouses across the region in support its diverse project demands.

What services does Enertech offer?

Enertech has extensive experience providing engineering and deployment services for small cell and DASat sites including major airports, commercial rooftops, and outdoor venues. Enertech also offers comprehensive municipal experience stemming from our right-of-way, utility telecom attachment, and public safety work.

What can Enertech do for You?

Enertech has experience with a wide range of wireless installations including new towers, co-locations, tenant improvement, rooftops, water towers, remote mountain tops (some requiring helicopter access), and solar sites. Enertech has completed thousands of LTE installations for Ericsson, Verizon, AT&T, Sprint, and many other industry partners.

Is Saint Lucia reliant on fossil fuels for electricity generation?

Like many island nations, Saint Lucia is almost 100% reliant on imported fossil fuels for electricity generation, leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

Electricity Sector Data
