

Exagrid storage Ghana

Is ExaGrid a good storage company?

ExaGrid was named Storage Company of the Year for the fifth consecutive year, and its line of Tiered Backup Storage appliances were recognized as the Storage Hardware Innovation of the Year. This year's awards mark the ninth year of wins for ExaGrid at the SDC Awards (known previously as the SVC Awards). Winners were determined by public vote.

What is ExaGrid tiered backup storage?

ExaGrid has the only non-network-facing tiered backup storage solution with delayed deletes and immutable deduplication objects. This unique approach ensures when a ransomware attack occurs, data can be easily recovered or VMs booted from the ExaGrid Tiered Backup Storage system.

Who is ExaGrid Systems?

ExaGrid Systems, Inc. is a tiered backup storage company headquartered in Marlborough, Massachusetts. The company was founded in 2002 by Dave Therrien to solve the challenge of integrated primary storage with data backup. The company was funded by venture backed funding from Sigma Partners and Highland Capital Partners.

Why is ExaGrid the leader in backup storage?

Learn why ExaGrid is the leader in backup storage. ExaGrid provides tiered backup storage with a unique disk-cache Landing Zone, long-term retention repository, and scale-out architecture. ExaGrid has the only non-network-facing tiered backup storage solution with delayed deletes and immutable deduplication objects.

How many ExaGrid tiered backup storage models are there?

The ExaGrid Tiered Backup Storage product line consists of seven appliance models. Each appliance is sized for a full backup and for long-term retention. Any ExaGrid appliance can be mixed and matched in the same scale-out system with any other size or age appliance, allowing customers to buy what they need as they need it.

What are ExaGrid appliances used for?
