

Why should you choose avasco solar?

This also simplifies the earthing process of the installation. Besides offering solutions for standard flat roofs, Avasco Solar also offers solutions for steel deck roofs. Our Bespoke Systems department also enables us to offer solutions for more challenging projects (e.g. roofs only permitting limited point loads, span dimensions, etc.).

What happened to avasco solar NV?

This business resulted in the creation of the Avasco Solar division, which manufactures installation frames for flat and low-pitch roofs. In 2019, in order to support and accelerate the strong growth of the solar business, it was decided to set up a completely separate limited company by the name of Avasco Solar NV.

Who is avasco solar NV?

Avasco Solar NV is a spin-off company of Avasco Industries NV based in Diksmuide, Belgium. The company was first established in 1969 and now specialises in the manufacture of metal racking and water storage tanks. It also has a division that focuses on the supply of metal sheeting for various types of industries.

Are the Faroe Islands a sustainable country?

Did you know that the Faroe Islands is one of the world's leading nations in producing sustainable electricity with over 50% of the nation's electricity deriving from renewable energy sources? There is no shortage of renewable power in the Faroe Islands, due to the ocean currents and tides of the Northeast Atlantic and an abundance of strong wind.
