

Who is Ktech energy?

As a world-class solar products manufacturer, Ktech Energy specializes in research, development, production, and sales of solar PV products. Since its foundation in 2010, Ktech Energy has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovative designs.

Does Greece have a plan for rooftop solar PV?

November 2023, Greece submitted its NECP with more ambitious and updated targets for renewables and solar: 23.5 GW for all forms of renewables, from which 13.4 GW came from solar power capacity. However, there is no roadmap or strategy at this time in regards to rooftop solar PV in particular.

Why is Ktech energy a good company?

Ktech Energy upholds its belief that innovation is the key driver behind advancement by pursuing new technologies and higher efficiencies. Ktech Energy is accredited as Batch I smart manufacturing plant by Wuxi government. These are examples of Ktech Energy's endeavors and achievements in innovation within the industry.

What impedes solar development in Greece?

Currently, probably the main reason that impedes solar development and that makes administrative procedures long and burdensome in Greece, including rooftop solar, is grid availability. In many areas, applications for solar rooftop PV are being rejected due to lack of electricity grid capacity.

Is Greece ready for a new 'energy community'?

Greece is a frontrunner in establishing a new type of civil cooperative, the "energy community" (Law 4513/2018), including most of the criteria in the EU directives (effective control, open and voluntary participation, local proximity, etc.).

What is the penetration rate of smart meter in Greece?

Low smart meter penetration: Due to legal proceedings on a specific case with a Distribution System Operator (HEDNO), the installation of smart meters in Greece stalled and is only at a penetration rate of 6%. Although, this will be resolved with financial support from the European Investment Bank.
