

Green energy solutions ltd Svalbard and Jan Mayen

Deep within the Arctic Circle and surrounded by icy open ocean, Svalbard and Jan Mayen are some of the most remote outposts imaginable. About as far north as society has dared to settle, these snow-covered islands are the perfect choice for Polar exploration.

Uttamenergy believes in carbon footprint reduction and is committed to providing green energy solutions. Inline with the same, we intend to provide waste management solutions by incinerating waste to generate energy and produce power while protecting the environment at the same time. Project Showcase.

Vacation Leave: Employees in Svalbard and Jan Mayen are entitled to 25 working days of paid vacation each year, with Saturdays counted as working days. Those over 60 receive an additional 6 days. Vacation Pay: Employees receive vacation pay at 10.2% of the previous year's gross earnings, potentially higher in some sectors.; Vacation Timing: Vacations are typically ...
