Community Power is a concept and "toolbox" that puts energy decision-making authority in the hands of communities rather than the state, transferring power to enable local autonomy munity Power ensures that even the smallest communities are equipped with the legislative framework and tools to become active leaders in the transition away from fossil ...

Our Sync Energy solar + battery system (5kW inverter, 6.64kW PV panels, 20kWh battery) has been running since early June. We are really happy with our Sync Energy solar + battery system, which is now generating 35+kWh a day whereas it started around 12kWh a day in early June, as expected with winter conditions. Wow, we're not even into summer yet!
