Sun magic engineers the Lithium Battery for durability, with a performance cycle life that exceeds 6000 cycles at 80% DOD. Its longevity and reliability make it a cost-effective and eco-friendly ...

Description. This is 15 KWH Lithium Battery. The Sun Magic 25.6V 2.56kW LiFePO4 Lithium Battery is a high-performance energy storage solution crafted specifically for 24V solar systems. With a capacity of 100Ah, this lithium iron phosphate (LiFePO4) battery delivers stable, efficient power while ensuring a longer lifespan compared to traditional lead-acid batteries.

1. Battery capacity: 4500mAh
2. Can replace the original battery, with comparable standby and talk time
3. Lithium polymer battery provides excellent continuous power for your device
4. If the battery will not be used for a long time, please put it in a dry and cool place and fully charge it every three months
5. Good quality and long service life

Experience a revolution in energy storage with the SunmagicLiFePo4 Lithium Battery. Engineered with state-of-the-art lithium iron phosphate (LiFePo4) technology. This high-performance ...
