Who is CS Energy?
CS Energy is a leader in providing customised energy solutions for Queensland's large organisations. We are committed to understanding the energy requirements of our customers and thrive on providing energy solutions that are as unique and different as they are. We're diversifying into renewable energy,batteries and hydrogen.

Why is distributed solar PV the only energy source in Haiti?
Since only about 13% of the people even have grid access,distributed solar pv is the only energy source that can supply all the people electricity for now. Haiti has limited energy resources: no petroleum or gas resources,small hydroelectricity potential and rapidly declining supplies of wood fuels.

What is the institutional framework of the electricity sector in Haiti?
The institutional framework of the electricity sector in Haiti is weak. The entity in charge of the energy sector is the Ministry of Public Works,Transports and Communications (MTPTC). The minister is also the president of the executive board of the state-owned power company,EdH (Haiti Electricity Company).

How does a lack of capacity affect the electricity sector in Haiti?
Since the MTPTC is the main government body in charge of the electricity sector,this lack of capacity affects directly the performance of the sector. In 2017,the World Bank invested a total of $35 million to Haiti in order to improve access and expansion of renewable energy.

What happened to electricity in Haiti?
The largely government owned electricity sector in Haiti,referred to as Électricité d'Haïti (ED'H for "Haiti Electric Utility",faced a deep crisis characterized by dramatic shortagesand the lowest coverage of electricity in the Western Hemisphere in 2006.

What are Haiti's potential power generating sites?
The Haitian government prioritizes the procurement of fuel to reliably supply turbines. There are plans for 10MW facilities in Port-de-Paix and Jacmeland a 5MW array in Jeremie. Grand'Anse and Nippes Departments in the southern region were also targeted for smaller power generating facilities.

The Biloela PCYC, Dalby Kart Club and Chinchilla State School are just some of the 12 community groups that received $51,103 in funding from Round 2 of CS Energy"s community sponsorships recently.

The largely government owned electricity sector in Haiti, referred to as Électricité d"Haïti (ED"H for "Haiti Electric Utility", faced a deep crisis characterized by dramatic shortages and the lowest ...
