

How did New Caledonia evolve?

The ecological richness of New Caledonia is one of the lasting mysteries of natural history. High concentrations of nickel are usually toxic to plants, but here evolution took an unusual path. In the course of tens of millions of years, the island's infertile soils came to nurture a flora unlike any other in the world.

Could New Caledonia be a 'silver Bullet' for environmental conservation?

Scientists still discover, on average, a new plant species there every month. In 2000, a team of scientists argued, in Nature, that defending New Caledonia and other biodiversity hot spots could be a "silver bullet" for environmental conservation.

Is New Caledonia a nickel producer?

But one of the next largest producers is tiny New Caledonia, a French overseas territory in the Pacific which is less than a hundredth of the size of Indonesia. "I have never seen nickel deposits like we have in New Caledonia," Miguel Ate, a geologist from the territory's Indigenous Kanak community, told me.

New Caledonia business directory. Find companies, professionals and organizations offering their products or services to expatriates. Add your business or recommend one to the expat community. Add a business / Business directory / New Caledonia. Sort By. Latest . Recommandation . Alphabetical .

Karena perdagangan cendana menurun, perdagangan beralih ke perdagangan blackbird, eufemisme untuk memperbudak orang dari Kaledonia Baru, Kepulauan Loyalty, New Hebrides, New Guinea, dan Kepulauan Solomon untuk bekerja di perkebunan tebu di Fiji dan Queensland. Perdagangan berhenti pada awal abad ke-20. Para korban perdagangan ini ...
