

Iraq hanwha power systems

Who is Hanwha Power Systems?

Hanwha Power Systems launched its energy equipment business, building on its reliable technology and longstanding experience in gas turbine engines. Since then, we've become a global powerhouse and have delivered more than 7,500 units of air and gas compressors worldwide.

Why should you choose Hanwha Power Systems?

In addition, we will grow as a global leader in power and energy solutions by using future engineering technology that helps the green environment. Hanwha Power Systems is a global powerhouse delivering advanced air and gas compressors worldwide with a goal of accelerating the transition to clean energy.

What is Hanwha E&C's new Bismayah City project?

Hanwha E&C is continuing its legacy of successes across the globe, with the New Bismayah City project in the Bismayah region, southeast of Baghdad. At 1,830 hectares, not only is the scale of the project unprecedented but also it is the most ambitious civil infrastructure project in Iraq's history.

What will Hanwha Engineering & Construction do in Bismayah new city?

With the plant now complete, Hanwha Engineering & Construction is expected to play a pivotal role not only in leading the construction of housing in Bismayah New City, but also in carrying out a government-led project for building one million housing units.

Why should you choose Hanwha E&C for the Bismayah project?

The success of the Bismayah project signifies Hanwha E&C as a global leader of new city planning and development. Hanwha seeks to be equally heralded as a trusted partner among the people whose lives it enriches, as it has for the people of Iraq. And in so doing, Hanwha E&C will remain true to its commitment to trust and loyalty.

How much does Hanwha project cost?

The project is set to cost 10.1 billion USD (12 trillion KRW) with savings realized by employing the Design-Build Method where Hanwha Corporation E&C Division is exclusively and comprehensively in charge of every aspect of the project including the design, supplies, and construction.
