

Is it cheaper to install photovoltaic panels at a reduced price

How much do solar panels cost?

But the average solar panel system of 3.5kWp will cost around £7,000 to install, according to estimates from the Energy Saving Trust. The exact cost will vary, depending on the size of your home and how much electricity you want to produce. See how much you can expect to pay. Find out: are solar panels worth it?

Are cheap solar panels better than expensive solar panels?

Because cheap solar panels are, as a general rule, less efficient than more expensive varieties, you'll require more of them to generate the same amount of power as a more efficient, similarly sized solar system would.

Why are cheap solar panels so popular?

The main benefit of cheap solar panels is saving money on your energy bills. Solar panels are a worthwhile home improvement, and domestic installations continue to rise in the UK. In December 2023 alone, nearly 16,000 solar systems were installed in the UK. So

Are low-cost solar panels worth it?

Low-cost solar panels can be a cost-effective entry point for homeowners with lower electricity needs, particularly for a 4kW solar system or even a 5kW solar system, which is suitable for powering a 2-3 bedroom house. However, keep in mind the potential trade-offs in efficiency and lifespan compared to premium panels.

Are cheap solar panels a good investment?

Cons of cheap solar panels: Lower efficiency: Cheap solar panels are more likely to be less efficient, usually around 18-21% efficient rather than 20-23% efficient. Affordability hurdle: The upfront cost of solar panels, even cheap ones, is still a significant investment that may only be affordable for some homeowners.

Can you get solar panels at no upfront cost?

You can get solar panels at no upfront cost with a subscription like Sunsave Plus, which offers all the benefits of going solar without the burden of the initial payment. With Sunsave Plus, you'll receive the best-in-class kit, all in one easy package that works seamlessly, looks excellent, and can save you money from day one.
