Who is kigg systems India?

Welcome to KIGG Systems India, a trusted name in the manufacturing of electrical testing equipment. Get to know our comprehensive range of products and experience reliability at its best. 01. Precision Engineering At KIGG Systems India, we prioritize precision engineering to ensure the highest quality standards for our testing equipment.

What services does kigg offer?

KIGG can provide complete turnkey projects, factory upgrades and smart metering technology transfers. KIGG offer a range of services including feasibility studies, OEM supplies, electricity meter testing equipment, inspection and quality control services.

What metering solutions does kigg offer?

KIGG offer a wide range of Smart /AMI solutions, including GPRS, PLC, Zigbee and Blue-tooth. These range from Meter Design (with or without disconnect switch) using HAN and WAN networks. There are two main elements of a Smart Metering System, Smart meter and the advanced metering infrastructure (AMI).

Why should you choose kigg?

From real-time grid replicas and advanced microgrid simulations to an accredited testing lab and comprehensive training programs, KIGG stands at the forefront of the energy transition. Choose KIGG for transformative solutions that redefine efficiency, sustainability, and the future of electrical systems in India  
**WHERE WE COME FROM?**

What is a kigg energy simulator?

This simulator enables companies to assess the effects of setting up various renewable energy plants, both industrial and small-scale, facilitating informed decision-making and strategic planning. KIGG Energy Labs boasts a testing lab accredited by the National Accreditation Board for Testing and Calibration Laboratories (NABL).

Who is kigg?

KIGG is a leading British ISO 9001:2015 certified company with its core expertise in the fields of Electricity Meter Factory Start Up projects. KIGG enables and supports investors and clients to establish their own business by providing them all the expertise for their factory start-up.

6 ???&#0183; First, the rebels captured Syria's largest city, Aleppo, then Hama and Homs. On Sunday, they entered Syria's capital, Damascus, taking the city without a fight as government ...
