The company had developed advanced Solar PVT Hybrid panels, and is manufacturer with a large production capacity (The only Israeli PV & PVT manufacturer), seller, Integrator, constructor and IPP operator of PV Solar ...

Solargik's Agri-PV solution addresses the two major challenges of the field: sharing the sunlight and costly, complex structures. Our in-house SCADA system "SOMA" receives inputs like shading patterns, crop health, and weather conditions and outputs an optimal tracking angle that supports crop yields, but also produces enough electricity to maintain the financial viability of projects.

Luk solar ltd Israel

The solar industry in Israel is not a big market in terms of solar installations like in Europe and the US, but its huge market in terms of technology and opportunities. Since the government law on 2008, thousands of installations of 5 KW up to 50 KW are taking place daily and the local companies are working above 100% capacity.
