Who is boviet solar?

Boviet solar is a leading solar energy technology company founded in 2013 in Vietnam. We specialize in manufacturing advanced monocrystalline PERC and TOPCon solar cells, as well as Gamma Series(TM) monofacial and Vega Series(TM) bifacial solar modules for residential, commercial, industrial, and utility-scale solar applications.

Where is boviet solar located?

Boviet Solar has offices in the USA and Germany, and its global headquarters are in Vietnam. For more information, visit [/PRNewswire/-- Boviet Solar Technology Co. Ltd. \(Boviet Solar\)](#), a leading global solar energy technology company specializing in manufacturing of PERC PV...

Is boviet solar a Tier 1 PV module manufacturer?

Boviet Solar is proud to be recognized as Tier 1 PV module manufacturer by Bloomberg New Energy Finance. Boviet Solar's PV modules consistently achieve Top Performer status on the PV Module Reliability Scorecard by PVEL Kiwa. Boviet Solar's manufacturing facilities have undergone rigorous assessment and successful verification by Black and Veatch.

Why should you choose boviet solar?

We deliver solar modules engineered with advanced solar cell technology and smart design features, ensuring exceptional quality, reliability, and efficiency. Boviet solar is a leading solar energy technology company founded in 2013 in Vietnam.

What makes boviet solar unique?

Boviet Solar's manufacturing facilities have undergone rigorous assessment and successful verification by Black and Veatch. We utilize cutting-edge cell technologies, including Monocrystalline PERC and TOPCon solar cells, known for their exceptional power, performance, and efficiency.

Is boviet solar a good company?

In addition to this accolade, Boviet Solar has also been ranked among the top 10 PV module manufacturers by Wood Mackenzie and recognized as one of the top 10 financially stable PV module manufacturers by Sinovoltaics this year.
