

Will kontrolmatik build a lithium-ion battery factory in Ankara?

As construction of its lithium-ion battery factory in Ankara nears completion, Kontrolmatik Technologies announced in December its plan to build a 500,000-square-foot facility in Colleton County that is expected to begin production in mid-2024, create about 575 new jobs and have an initial production capacity of 3 gigawatt-hours (GWh).

Why did kontrolmatik choose Colleton County?

Kontrolmatik Technologies has chosen Colleton County to locate its first U.S. based lithium-ion battery factory. This project will have a huge impact on our community and our local economy. The jobs created by this project will improve the quality of life for our citizens and will attract new residents to our community.
