

# New Energy Storage Enterprise Rankings China

What are the top energy storage technology providers in China?

1. Energy Storage Technology Provider Rankings In 2019, among new operational electrochemical energy storage projects in China, the top 10 providers in terms of installed capacity were CATL, Hige Energy, Guoxuan High-Tech, EVE Energy, Dynavolt Tech, Narada, ZTT, Lishen, Sacred Sun, and China BAK.

What are the top 10 energy storage systems integrators in China?

In 2019, among new operational electrochemical energy storage projects in China, the top 10 energy storage system integrators in terms of installed capacity were Sungrow, CLOU Electronics, Hyperstrong, CUBENERGY, Dynavolt Tech, Narada, Shanghai Electric Guoxuan, Ray Power, Zhiguang Energy Storage, and NR Electric.

Is Xinyuan a good energy storage company?

Xinyuan Smart Energy Storage Co., Ltd. was listed in two rankings of Chinese energy storage companies for 2021. Xinyuan ranked third among China's energy storage system integrators in terms of supplies in 2021. Xinyuan ranked fifth among China's energy storage system integrators in terms of new installed capacity in 2021.

How many new energy storage projects are commissioned in China?

Figure 2: Cumulative installed capacity of new energy storage projects commissioned in China (as of the end of June 2023) In the first half of 2023, China's new energy storage continued to develop at a high speed, with 850 projects (including planning, under construction and commissioned projects), more than twice that of the same period last year.

Which energy storage technology providers rank first?

Among these lists, Sungrow placed first in both system integrator rankings and inverter provider rankings, while CATL ranked first among energy storage technology providers. Detailed results of the rankings are below: 1. Energy Storage Technology Provider Rankings

How will China's energy storage industry grow in 2022?

"Annual energy storage installations in China grew by 400% in 2022, and will more than double again in 2023 to reach 18 GW. This is supporting the growth of many local system integrators." "In fact, we found eight Chinese system integrators each with total pipelines (installed plus contracted) of over 1 GWh.

On March 29, at the 6th Energy Storage Carnival and the 2023 China Energy Storage Enterprise Global Shipment Ranking Conference, the Energy Storage Leader Alliance (hereinafter ...
