

Nexgen energy The Netherlands

Who owns NexGen energy?

Investors should note that institutions actually own more than half the company, so they can collectively wield significant power. We note that hedge funds don't have a meaningful investment in NexGen Energy. The company's largest shareholder is Mirae Asset Global Investments Co., Ltd., with ownership of 6.1%.

Is NexGen energy (NXE) a good stock to buy?

NexGen Energy Ltd. (NYSE: NXE) represents an interesting stock to keep on your watchlist due to recent geopolitical tailwinds, a big catalyst, which I expect to happen before the end of this year, and finally, after management's success in strengthening their cash position by 32% YoY in Q1 2024.

What does NexGen do?

Focused on maximizing value to all stakeholders, NexGen is leveraging its strong portfolio of projects to deliver generational benefits for Canada and the global environment that continue long after closure and reclamation of its projects. A leading global project

Does NexGen energy have institutional investors?

We can see that NexGen Energy does have institutional investors; and they hold a good portion of the company's stock. This suggests some credibility amongst professional investors. But we can't rely on that fact alone since institutions make bad investments sometimes, just like everyone does.

Should you invest in NexGen energy?

Therefore, a good portion of institutional money invested in the company is usually a huge vote of confidence on its future. In the chart below, we zoom in on the different ownership groups of NexGen Energy.
