

Who is NIBE Energy Systems?

NIBE Energy Systems is a market leader for heat pumps in Europe and one of Europe's major manufacturers of water heaters and other energy-efficient products for heating and cooling.

How can Nibe improve indoor climate comfort?

The entire indoor climate comfort system can be automated and controlled remotely using NIBE's sustainable digital solutions. Heat pumps save energy even when idle, and the units have active cooling modules that produce excellent air conditioning. High demand for energy efficiency in public buildings

How does Nibe contribute to global sustainability?

NIBE and its products contribute in a natural way to international ambitions to stop climate change and achieve global sustainability. We see it as our responsibility to focus on creating a product portfolio of sustainable energy solutions that supports the transition to a fossil-free society with reduced energy consumption.

Are Nibe water heaters energy efficient?

NIBE offers households peace of mind with its reliable, energy-efficient water heaters. Washing machines and tumble dryers, which make life easier for many of us, also need to be energy efficient. They contain several components made by NIBE. Energy conservation and thermal comfort

Zero customer service. Stuart Smith if only the customer service lived up to the hype ! Freezing cold house with 9 month old air source heat pump not working, called at 9.30am and waiting on call back for engineer visit and seems they've all gone home early on a Friday !!

NIBE Energy Systems Limited | 10,601 followers on LinkedIn. NIBE Energy Systems Limited is a subsidiary of NIBE AB, a global group based in Sweden. NIBE is one of Europe's leading manufacturers in the domestic heating sector, specialising in heat pumps. We supply homes with products that provide domestic hot water and ensure a comfortable indoor climate.

A PROPOS DE NIBE. Depuis près de 70 ans, NIBE propose des solutions climatiques confortables et durables pour votre maison. C'est pourquoi, à Småland, Markaryd, que tout a commencé et depuis nous valorisons l'héritage nordique en reliant l'énergie renouvelable de la nature, et en l'associant à une nouvelle technologie intelligente.
