Hi all. Greetings from very sunny Nicaragua. My wife and I are Canadians who have retired here. We ran a B& B for a number of years. Our entry into a RE system about 16ish years ago came from very unstable grid power - 3-4 day outages, daily cuts, voltage fluctuations from 90 to 140 volts, and high KWH costs. Hard to run a

La mejor experiencia, producto y equipo en Nicaragua. Jan y su equipo superaron las expectativas. Una empresa diferente me cotizó; sobre energía solar para mi casa y me dieron una cotización increíble sin siquiera hacerme ...

A 2.1MW hybrid solar and thermal plant in Corn Island, Nicaragua has entered into commission. The solar installation, Caribbean Pride Solar Energy Plant, has over 6300 solar panels, and a large storage and distribution system. This renewable project will provide electricity for the 1943 homes on Corn Island, and will save 30 000 gallons of [...]

Ecuador plans to build a 200 MW solar power plant. ... International corporations are building new solar parks to reduce the country's reliance on fossil fuels in its energy mix. Total energy output in Peru, including isolated facilities and the National Interconnected Electrical System (SEIN), increased by 3.8% in 2019, according to the ...
