

Who built the largest solar power plant in North Macedonia?

Slovenia's energy group GEN-I completed the construction of the largest solar power plant in North Macedonia and connected it to the grid in September, four months ahead of the government's deadline.

How much solar power does North Macedonia have?

Solar power Built on a former lignite open pit mining site, North Macedonia's Oslomej solar park will have an installed capacity of 120 MW when fully completed. © Ciril Jazbec

Why is Gen-I launching a solar power plant in North Macedonia?

The start of operation represents an important milestone for the expansion of GEN-I in the implementation of large solar power plant projects and the production of carbon-free electricity as well as a key contribution to the so-called Green Scenario of North Macedonia under the Strategy for Energy Development.

Is Akuo Energy a strategic investment in North Macedonia?

Shortly after Akuo Energy's photovoltaic project of up to 400 MW in Pehovo was declared a strategic investment, the Government of North Macedonia gave the same status to two planned solar power plants in Karbinci in the country's east. Renewable Power International will invest in a photovoltaic power plant with a capacity of 85 MW.

Should North Macedonia accelerate the transition to renewables?

Like others in the region, North Macedonia must balance its need to rapidly accelerate the transition to renewables to secure its energy future with the need to ensure that future is one where both the country's nature and people thrive.

Are North Macedonia and Karbinci a strategic investment?

Home » News » Renewables » North Macedonia fast-tracks two solar power plant projects of 155 MW in total The government gave solar projects in Pehovo and Karbinci strategic investment statuses. Both firms are registered at the same address.

Solar Products Distributors Distributors are those companies working as big warehouses that served as the middlemen between the consumer/customer and the manufacturer. Typically, in distribution, a company is handling the sourcing, stocking and logistics but nowadays they are also helping manufacturers in product designing and solving other business conflicts. Aside ...

Solar Market Outlook in North Macedonia. North Macedonia, The Former Yugoslav Republic of Macedonia, ...

North Macedonia solar machines

North Macedonia has almost as much PV capacity as rest of Western Balkans. The latest data shows the country is nearing 800 MW in solar power. The Western Balkans overall are picking up speed in expansion, but North Macedonia now likely hosts almost as much PV capacity as the rest of the region put together.

Solar Market Outlook in North Macedonia. North Macedonia, The Former Yugoslav Republic of Macedonia, and its government are serious about shifting to a clean and renewable energy source to meet its energy demand. In fact, they have doubled their effort to transition to solar and renewables by boosting its installed energy production capacity.
