

About Us Welcome to OPES Solutions Who We Are Opes Solutions provide professional services, that is focussed on delivering technology solutions, consulting, and staffing across various industries. We bring our extensive network of products, breadth of technology solutions, and implementation experiences to ensure client success. Our Mission And Vision Our ...

Off-Grid Solar. Solar panels are the most efficient way to provide energy to people who are not connected to a (reliable) grid. Off-Grid Solar transforms people's lives and has a sustainable economic, social and environmental impact.

Since our foundation twelve years ago as OPES Solutions, we have been manufacturing custom solar modules, consistently pursuing our vision to fully leverage the power of photovoltaics: to generate electricity exactly ...

OPES Solutions is an innovator and a technology, quality and market leader in the off-grid solar industry. We design and manufacture various types of solar panels that are suitable for a wide range of applications - including industries ...

Das Unternehmen OPES Solar Mobility hat den Standort für seine neue Solarfabrik festgelegt: Im schweizerischen Zwenkau wird ab Ende 2024 auf über 12.000 Quadratmetern spezielle Solartechnik für Fahrzeuge wie LKW, Reisemobile und Busse produziert. Die gemeinsam mit deutschen Forschungsinstituten entwickelten Solarmodule ...

From design until mass production OPES Solutions ensures that the solar panels are efficiently made for the required specification. We have already produced millions of client-specific solar modules. The solar panel design is optimized for mass manufacturing from the very beginning and we scale the production according to the growing volume.

Leading custom solar panel manufacturer OPES Solutions has partnered with the green logistics experts from Urban Mobility to equip e-cargo bikes with robust and lightweight solar panels. Developed especially for vehicles, the integrated solar solution provides up to 20% more range in delivery practice if the heavy payload of 250 kg plus driver ...

OPES Solutions and Westfalia: Vehicle-integrated photovoltaics enter series production . Solar technology company OPES Solutions and Europe's leading motorhome manufacturer Westfalia have developed a powerful solar solution for vehicle-integrated photovoltaics for camper vans. This is the first time that large...

OPES Solutions designs and manufactures a wide range of solar modules for applications in various

industries, such as solar home systems, automotive, micro mobility, lighting, traffic technology, tracking systems, IoT and industries ...

Erfahrung mit einer Vielzahl von Anwendungen. OPES Solutions entwirft und fertigt Solarmodule f&#252;r Anwendungen in verschiedenen Branchen, wie z.B. Solar Home Systeme, Fahrzeugindustrie, Mikromobilit&#228;t, Beleuchtung, Verkehrstechnik, Tracking-Systeme, IoT und Branchen, in denen die Integration von Solar bisher nicht m&#246;glich war.

With a capacity of up to one million customized solar modules per month, OPES Solutions enables products to power themselves. Certified Quality. Our Quality System meets the requirements of. IEC61215/61730 standards for Off-Grid Solar Modules, ROHS & REACH, ISO 9001, ISO 14001, ISO 45001,

OPES Solutions General Information Description. Manufacturer of solar panels intended to offer rural electrification as well as customized modules. The company's solar panels are tailored to suit applications in energy access and smart city markets with flexible design and durability, enabling clients to gain access to personalized modules in a cost-effective manner.

????????????????????????????????????????,????????????OPES Solar Mobility, ?????????(Zwenkau)????????????????????,????? ...

OPES Solutions widmet sich weiterhin der Integration von Solarmodulen in vielf&#228;ltige Anwendungen. Jeder Schritt in Richtung erneuerbare Energie bedeutet Unabh&#228;ngigkeit, Kosteneinsparungen und einen ges&#252;nderen Planeten. Wir sind fest davon &#252;berzeugt, dass Solarmodule &#252;berall im t&#228;glichen Leben f&#252;r f&#252;r alle m&#246;glichen Zwecke zug&#228;nglich ...

Since our foundation twelve years ago as OPES Solutions, we have been manufacturing custom solar modules, consistently pursuing our vision to fully leverage the power of photovoltaics: to generate electricity exactly where it is consumed. With over 12 million solar modules worldwide, we have enabled applications to sustainably power themselves ...

The technology company OPES Solar Mobility has selected the location of its new solar factory. In the German town of Zwenkau, solar technology for vehicles such as trucks, motor homes and buses is produced on more than 12,000 square meters. The facility will commence production by the end of 2024. The production capacity of the new plant will be ...
