

Problem with solar for families is that they are super expensive. In a lot of Ethiopian families now they have simple lamps powered by small solar panel for when there is an outage. Those kind of small devices could be affordable but solar panels for a whole roof with battery and stuff that cost over 20, 30k usd don't make much market.

“Explore Ethiopia's booming solar industry, top 5 wholesale Solar Panel Suppliers In Ethiopia, supply chain centers, and their competitive edge.
