

Recently, solar inverter prices have fallen in Pakistan, so more people are choosing solar power. The SolarMax Falcon Ultra 6KW Hybrid Inverter is a good choice for those looking to switch. It works with both grid and off-grid systems, ...

We've identified the following policies and actions that might address issues with the food system of Pakistan. Action Support the production and consumption of nutritious indigenous crops through agrobiodiverse cropping systems, agricultural extension, breeding programmes, subsidies, land tenure rights, regulatory protection, market ...

Pakistan is facing demand and supply shortfall in its power sector. The total electricity requirement of the country peaks to approximately 20,000 MW during the summer months. Of this peak demand, the country faces a shortage of around 5000 MW due to inadequate supply (Nayyar et al., 2014). This results in load shedding of up to 12 h per day (Amer and ...
