Are battery-powered generators better than gas-fed generators?

Gone are the days where getting power where there is none means firing up a gas-powered generator. Sure, that is still an option-- and for bigger needs, like whole home power, that may be the better option-- but modern, battery-powered stations offer a lot of versatility that gas-fed models lack. For instance, they are quieter.

The phrases "battery generator" and "solar generator" are pure marketing -- effective marketing, but still out of touch with reality. I just need enough power to keep my fridge and freezer ...
