

Who is lundsby renewable solutions?

As one of Denmark's major biogas developers, Lundsby Renewable Solutions converts several tons of biomass to green and CO₂ neutral gas. We do this in the most efficient way by designing and building turnkey biogas plants. We cooperate with different suppliers of upgrading plants for the supply of biomethane for the natural gas grid.

Why should you choose lundsby renewable solutions?

Plants that also contribute to sustainable use of organic waste and a better aquatic environment. As one of Denmark's major biogas developers, Lundsby Renewable Solutions converts several tons of biomass to green and CO₂ neutral gas. We do this in the most efficient way by designing and building turnkey biogas plants.

Why did lundsby renewable solutions change its name?

In 2022, the name changed into Lundsby Renewable Solutions, one of the reasons being the intention of exploiting the company's international potential to the maximum. Lundsby has more than 25 years of experience with designing and building turnkey biogas plants.

Does lundsby provide a biogas plant?

Lundsby always delivers a thoroughly tested and commissioned biogas plant, as well as the associated proper training of the operating staff. We offer ongoing support, until the operating manager feels confident regarding both the technical and biological part of the biogas plant.

Who is lundsby biogas?

Lundsby is the EPC (Engineering, Procurement and Construction) turnkey supplier of the project. The plant is designed to handle around 400,000 tons of biomass per year, corresponding to 120-gigawatt hours (GWh) worth of liquefied biogas (LBG).

How can lundsby help you in the green transition?

If you wish to play an active role in the green transition by using biomass from agriculture, households, industry, etc., we help you make all ends meet and turn the idea into reality. Lundsby has more than 25 years of experience with developing and providing efficient biogas plants.

Lundsby ha trabajado con biogases y transición ecológica desde 1995, cuando Erik Lundsby Andresen fundó la empresa Lundsby Bioenergi A/S. En 2015, le vendió la empresa a tres personas que continuaron con la misma bajo el nombre de Lundsby A/S. En 2022 cambiaron el nombre a Lundsby Renewable Solutions. Una de las razones es la intención de ...
