" Innovation and collaboration are priorities for Enexis. That's why partnering with Skoon Energy has been a game-changer.

What is skoon & heat Geek?

skoon brings together Energy Engineering, Business and Technology expertise to solve a problem that accounts for 18% of all global carbon emissions. A part of skoon, Heat Geek is our go-to-market brand and installer community and network at the heart of the proposition.

Why should you choose skoon energy?

At Skoon Energy, we understand the urgent need for flexible and accessible energy solutions. Our cutting-edge platform serves as a digital hub where energy providers can manage and share their clean energy systems, and consumers can seamlessly access and report on these resources to power their operations.

Why did Enexis partner with skoon energy?

" Innovation and collaboration are priorities for Enexis. That's why partnering with Skoon Energy has been a game-changer. Their innovative approach and collaborative spirit have enabled us to swiftly create a mobile flex test setup, effectively tackling grid congestion.

This requires a high-capacity battery, typically in the form of a 10-foot container. But this wouldn't fit in Amsterdam's limited space. Skoon selected a smaller battery from Portabolt instead. After investigating the current energy infrastructure, Skoon and Portabolt found that the battery system could be slowly charged by the 32A connection.
