Smart energy code company Syria

The role of the Smart Energy Code Administrator and Secretariat (SECAS) is defined within the Smart Energy Code (SEC) arrangements. The formal SECAS duties and functions, within Section C, include the provision of advice and support to the SEC Panel, and its Sub-Committees, in relation to its functions and responsibilities in accordance with the SEC.

In the 2000s, Syria"s electric power system struggled to meet the growing demands presented by an increasingly energy-hungry society. Demand grew by roughly 7.5% per year during this decade, fueled by the expansion of Syria"s industrial and service sectors, the spread of energy-intensive home appliances, and state policies (i.e. high subsidies and low tariffs) that encouraged wasteful energy practices. Syria"s inefficient transmission infrastructure compounded these probl...
