Liberia's Sustainable Power. We harness the most valuable resource in rural areas --tight-knit communities -- to provide life-changing products and services, starting with access to solar electricity. Electricity creates opportunities -- opportunities to learn, communicate, start a business, and build a better life.

The technical assistance relied on the involvement and the indigenous knowledge of a wide range of stakeholders such as the Africa Rice Center, Community of Hope Agriculture Project, Climate Resilient Rice Production Project in West AFRICA (RICOWAS), Liberia Rice Farmers Cooperation, civil society, and members of farmers' cooperatives.

The Liberia "Light Up a Life" project was formally launched this week when three WE CARE Solar members flew to Liberia to join Dr. Fatorma Bolay of the Liberian Institute of Biomedical Research (LIBR) and Dr. Musu Duworka, of the Liberian Ministry of Health. Our objective was to provide Solar Suitcase trainings and installations in selected ...
