Our solar panels can charge the Jackery 1000 Pro Power Station. However, our solar panels use an MC4 connector, and the Jackery 1000 Pro has a DC8020 port to connect the solar panels. Because of this, the solar panel will not connect directly to the power station. However, you may purchase an MC4 to DC8020 cable through third-party vendors.

Clearance. In this section you can find clearance solar panels. These are the panels that are still in stock but in low numbers. They come with a 30-50% discount but the Return Policy does not apply to them. Basically, you can get quality solar panels for a lower price but there is a risk they'll break along the way, and in this case, we won't be able to replace them.

The cost of a solar panel installation varies by location, property type, and, of course, the panels used for the installation. Premium solar panel products with high efficiencies and advantageous warranties usually cost more money ...
