The project is part of Togo's National ...

Targeting end of month launch, this is 10 months in the making, but my second attempt at doing it. The first attempt went pretty okay for something put together in a few months, but the backend was a complete mess and adding products was absurdly difficult, scraping was pretty limited, and then I got a job and completely abandoned it (you can still see some of the pages if you ...

Avoid Generic Names: Steer clear of generic names like "Solar Solutions" or "Green Energy Company." These names are often overused and can make it challenging to stand out. Don't Use Acronyms: While acronyms might seem efficient, they can be confusing to potential customers. It's better to use a name that conveys your message more clearly.
