

The government of the Federation of Bosnia and Herzegovina's Canton 10 has signed concession agreements for the construction of two utility-scale solar projects, which will rank among the ...

In Bosnia and Herzegovina, which only recently got its first utility-scale solar power plant, coal and power producer EPBiH is gradually shaping its energy transition projects. It is focusing on photovoltaics, just like ...

The EBRD is funding a EUR25.1 million loan to EPBiH for a 50 MWp solar power plant on a former coal ash landfill in Gra?anica. This project, supported by UniCredit Bank, marks a significant investment in renewable energy and is crucial for Bosnia and Herzegovina's goal of 43.6% renewable energy by 2030.

Zvizdan Solar PV Park is a 23MW solar PV power project. It is planned in Bosnia and Herzegovina. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the announced stage. It will be developed in a single phase.

Planik Solar PV Park 1 is a 44MW solar PV power project. It is planned in Bileca, Bosnia and Herzegovina. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the announced stage. It ...

The Government of the Una-Sana Canton plans to announce an international public call for the construction of a 90 MW solar power plant this year. The solar power plant, which is to be built near Bosanski Petrovac, is the ...

Greenstat's first solar power plant in Bosnia Herzegovina has reached an important milestone. The Norwegian company said the Petnjik photovoltaic system has transitioned from the construction phase to testing.

Bosnia and Herzegovina-based company Modul Energy plans to build a 8 MW solar power plant near Trebinje, an investment worth 10.9 million marka (\$5.9 million/5.6 million euro), the ministry of energy and mining of the Serb Republic said.

The European Bank for Reconstruction and Development (EBRD) will lend EUR 25.1 million (USD 27.7m) in debt financing to back the development and construction of a 50-MWp solar farm complex in Bosnia and Herzegovina.

Astera Solar PV Park is a 25MW solar PV power project. It is planned in West Herzegovina, Bosnia and Herzegovina. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the permitting stage. It ...

Podvelezje Solar PV Park is a 36MW solar PV power project. It is planned in Herzegovina-Neretva, Bosnia and Herzegovina. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the announced stage. It ...

This project will help increase the solar generation capacity in Bosnia and Herzegovina which is almost non-existent, as the Petnjik solar plant is expected to provide an output of 64GWh of ...

Bosnia and Herzegovina (BIH) follows the global trend of strong growth in the installed power of solar photovoltaic power plants. According to the preliminary data, the total power of these ...

SE Seline Solar PV Park is a 100MW solar PV power project. It is planned in Canton 10, Bosnia and Herzegovina. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the permitting stage. It will be developed in a single phase.

The need for alternative and autonomous energy systems in rural communities arises from the difficulties with power transmission lines that are subject to barriers because of isolation (relief) or economic cost [1, 2]. The mini-hydraulic system was selected due to the geography of the Drezanka River (20 km long from its source and with a height of 485 m).

Skrobotno Solar PV Park is a 60MW solar PV power project. It is planned in Bileca, Bosnia and Herzegovina. According to GlobalData, who tracks and profiles over 170,000 power plants ...
