I haven't done too many good things in my life, but the best thing I've done is work with Soluna installing a solar battery inside my home. I've had the air conditioning running through this heat and my last electric bill considerably lower. Knowing that Me and my family will be safe during a power outage definitely gives me peace of mind.

The Soluna HV Pack 10K/15K L-E is a High-voltage LiFePO₄ battery storage system designed specifically for households and small businesses. Pairing with a compatible hybrid inverter for flexible system design, daily storage and peak-shaving, and independent blackout protection provides swift instant power to appliances.
