Now that you've had a chance to get a glimpse of SunSync Light-Reactive Lenses, we're sure you'd like to know more! We're Waiting to Hear from You. Choose one, two, or all three ways to reach out for answers to your questions, a chance to see SunSync for yourself, technical information, and more information about blue light and ...

SunSync Light-Reactive Lenses also reduce blue light exposure in any environment. Digital displays, energy efficient lighting, and the sun emit blue light, which contributes to eye strain. So when you're swiping on your smartphone, binge-watching your favorite crime drama, or grabbing lunch on the patio, you're being exposed to blue light. ...

Sunsync(TM) 100 is a series of classic automatics solutions for operation of interior and exterior sun screening. The automatics include the main parameters for control of sun screening: sun intensity and wind speed. The controls are suitable for small and medium-sized installations as well as for renovation of existing installations.
