

# Supernova energy Guadeloupe

Who is supernova energy?

The SuperNova Energy Team has Design,Implementation,Certification,Performance Monitoring,Maintenance,and Financing for Renewable Energy Systems. Our strength lies in the fact that we have been providing cutting-edge solutions for over 25 years in the energy industry.

Does supernova energy offer commercial solar solutions?

We take funding seriously and are here to help you get the capital you need. Supernova Energy provides a multitude of Commercial Solar Solutions specifically tailored for Commercial application,including stainless steel hardware used in each installation to assure long life performance.

How can Guadeloupe achieve energy independence?

"Achieving energy independence in Guadeloupe by shifting from fossil fuels to renewable energy sources is a challenge that we must take up for the benefit of future generations. With clear objectives and applying the means for success,the Multi-Year Energy Program (PPE) exemplifies our political resolve to reach our goals."

Are supernova energy smart home automation and AI machines needed?

Supernova Energy Smart Home Automation and AI machines -- high-performance computers running decision making software systems built by Supernova Energy are desperately needed,according to NREL,researchers at France's grid operator RTE,the U.S. Electric Power Research Institute (EPRI) and other Supernova Energy partners.

The energy of ASSASN-15lh is comparable to converting the entire moon to pure energy every 30 seconds. The biggest thermonuclear blast ever created was a billion trillion times less energy than one second of this supernova. Our sun produces  $3.8 \times 10^{26}$  watts of power. So, this supernova was about 580 billion times brighter than our sun.

Informaci&#243;n sobre Supernova Energy Services S A S . La empresa Supernova Energy Services S A S se encuentra situada en el departamento de ANTIOQUIA, en la localidad MEDELLIN y su direcci&#243;n postal es CALLE 7 39 215 OF 604, MEDELLIN, ANTIOQUIA.
