

Who is Svevind Energy Group?

SVEVIND Energy Group announces today that it has completed a transaction with the leading Norwegian utility Statkraft. Our Swedish subsidiary SVEVIND Nordic AB, the successor to SVEVIND AB, is now officially part of Statkraft. The... The first week of October 2022 marked an important milestone in the history of Svevind's "Project Sandbacka".

Why did Svevind energy get a partnership with Semurg invest?

One core element for this is the signed cooperation agreement with Semurg Invest, the owner and operator of the largest terminal facility of the port of Kuryk on the Caspian Sea. Another milestone was reached just before year ended as SVEVIND Energy received confirmation that Germany is backing our project with an so called investment guarantee.

Why did Svevind energy buy Markbygden net?

In order to drive this process forward as effectively as possible, SVEVIND Energy divested the grid company „Markbygden Net" operating Sweden's most powerful substation, the 1700 megawatt substation Råbacken and related grid infrastructure to the Nordic grid operator Ellevio.

How does Svevind AB manage a wind farm?

Svevind AB establishes a subsidiary for the project, which is then responsible for project planning. Construction and ownership may also be through Svevind AB's subsidiaries. Once the wind farm has been approved, Svevind AB or the relevant subsidiary may sell all or part of the project, or retain it for its own construction and operation.

Will 2023 be a groundbreaking year for Svevind Energy Group?

There are years in the history of a company that, in retrospect, are described as groundbreaking, as shaping the future. 2023 was exactly that for SVEVIND Energy Group - a year that will go down in the annals of company history. But first things first.

Why should Svevind energy partner with Fichtner?

As a project for the production of green hydrogen, it is of course of the utmost importance to ensure that the plans are compatible with the protection of the ecology and the local population. With FICHTNER, SVEVIND Energy have engaged with an experienced company with its headquarter in Stuttgart/Germany at our side for this responsible task.

För SVEVIND Energy Group, som drivit projektet, är det en bra tidpunkt att lämna över ägandet av Markbygden Net AB. - Efter mer än 12 år's arbete med planering och genomförande, och dessutom det lyckade arbetet med nätknutpunkten, lämna vi nu över ansvaret för effektiv långsiktig drift till specialiserade nätooperatörer och

...
