What happened to Suncor Energy in Syria?

**Canada's Suncor Energy Inc suspended its Syria operations in 2011. Its primary asset is the Ebla development located in the Central Syrian Gas Basin covering more than 300,000 acres (approximately 1,251 square kilometres). The gas field was producing 80 million cubic feet of natural gas per day.

Why should you choose luminalt solar panels & Tesla Powerwall?

With solar PV panels and the Tesla Powerwall, your home can be self-powered, reduce risks of utility outages and save even more. Luminalt is a locally owned solar and energy storage installation company, founded in San Francisco in 2004 by wife and husband team Jeanine and Noel Cotter.

Once the initial cost of solar is recouped from the energy you're producing, the sun's energy is free, protecting you from ever increasing utility rates. Support a locally owned solar business. When you work with a local solar panel installation company you're helping generate local jobs and sustainable economic growth.
