

The Gambia renewvia solaria limited

Who is renewvia solar?

We design, install, own and operate commercial and community solar power systems across multiple continents, and provide a complete range of solar energy solutions including turnkey solar installation, integrated financing and solar consulting services. Renewvia launched in 2009 and developed our first rooftop array that same year.

Why should the Gambia invest in solar energy?

To match the rising demand and to provide sustainable and accessible energy to all Gambians, the potential for solar energy investment is immense in The Gambia. The government of The Gambia seeks to increase RE's contribution to 40% from 2% presently in the coming years.

Will a new solar plant increase energy demand in the Gambia?

Energy demand in The Gambia has increased by 5.5% per year in recent years and today's connection of the new 23 MWp solar plant to the national energy grid will significantly increase Gambia's current generation capacity of 98 MW and enable electrification of rural areas. A strong commitment

Does the European Investment Bank support a new solar plan in Gambia?

Mr. Ambroise Fayolle, Vice-President at the European Investment Bank (EIB) "I am delighted that the European Investment Bank is supporting this new solar plan with such economic and social impact for populations in Gambia, particularly in rural areas.

Is the Gambia a peaceful country?

The Gambia is one of the safest and most peaceful countries in Africa with a high degree of political stability. In the most recent Global Peace Index, it finished #5 in Sub-Saharan Africa out of 44 countries.
