What is tozero?

About tozero tozero is a Munich-based startup co-founded by Sarah Fleischer and Dr. Ksenija Milicevic Neumann. The company's mission is to establish Europe's leading lithium-ion battery recycling plant, focused on recovering critical materials such as lithium, nickel, cobalt, and graphite in a sustainable way.

Is tozero a sustainable alternative to Virgin lithium sourcing?

"The enthusiastic reception from our customers underscores the market's readiness for sustainable and urban mined secondary materials made in Europe," adds Dr. Ksenija Milicevic Neumann, co-founder and CTO. tozero's innovative approach not only addresses supply chain concerns but also offers a sustainable alternative to virgin lithium sourcing.

Does tozero offer a secondary lithium product?

First European customers to receive local secondary lithium: tozero has started delivering recycled lithium to its first commercial customers, marking a significant stride in secondary material production.

Does tozero recycle lithium ion batteries?

Novel Lithium-Ion Battery Recycling Technology: tozero's proprietary hydrometallurgical technology efficiently recovers high-purity lithium and graphite, exceeding European Commission's recycling targets well above 80% recovery rate today already, significantly higher than traditional recycling methods.

What is tozero's strategic contribution to lithium supply?

Strategic Contribution to Lithium Supply: By offering locally sourced recycled lithium, tozero is easing the critical raw material supply challenges in Europe, planning to scale up production to hundreds of tonnes by 2026. tozero's cutting-edge hydrometallurgy process maximizes the recovery of valuable materials such as lithium and graphite.

How many tonnes of recycled lithium will tozero produce by 2026?

With commercial deliveries underway, tozero anticipates producing hundreds of tonnes of recycled lithium by 2026. "We are proud to lead the way in sustainable practices that empower the circular economy," concludes Dr. Ksenija Milicevic Neumann.

We are happy to announce that JGC Holding Corporation (Masayuki Sato CEO) and JGC Japan (Yasuharu Yamaguchi CEO) jointly invested in tozero through Mirai Corporate Venture Capital (CVC) fund. tozero (headquartered in Munich, Germany) is a startup company enabling efficient recycling of critical materials from various types of lithium ion ...
