

Vensys energy Dominican Republic

Who makes VENSYS wind turbines?

Vensys Energy AG (stylized as VENSYS) is a German gearless wind turbine manufacturer which is majority-owned by Chinese turbine manufacturer Goldwind. Vensys licenses its products to several non-European manufacturers of wind turbines. In addition, Vensys itself manufactures plants on a small scale at its headquarters in Neunkirchen, Saarland.

What types of wind turbines does VENSYS offer?

VENSYS offers gearless wind turbines for all wind classes and locations. Five platforms with different tower heights and rotor blade lengths and generators featuring outputs of 1.5 MW, 2.5 MW, 3.x MW, 4.x MW and 6.x MW (in development) are the basis for configurations geared to the requirements of the location.

What is VENSYS technology?

VENSYS technology is based on the idea of generating a maximum amount of energy while minimizing losses. Our robust turbines which have stood the test of time all over the world are the first choice not only in extreme climates and where infrastructure is poor.

Who are VENSYS & Goldwind wind energy?

The Vensys group includes Vensys Elektrotechnik GmbH in Diepholz, which manufactures the electrical components, and NEVEN Windenergie GmbH in Trier, which is involved in project development. The Goldwind Wind Energy GmbH based in Hamburg has been the company's largest single shareholder since 2008 with a 70% stake.

What makes VENSYS a reliable engine?

It is this interaction of perfectly-coordinated key components paired with our own turbine control system which guarantees reliable engine technology - made by VENSYS. As of now, our licensees have erected more than 24,500 turbines using VENSYS technology all around the world.

What is a VENSYS full power converter?

The parameterizable VENSYS full-power converters allow for a reliable energy supply even under extremely difficult grid conditions. More and more wind turbines turned out by German production facilities are being sold in Germany, Europe and North America thanks to our sales and service branches in the USA and Poland.
